LIBRARY INFORMATION SHEET FOR UNIVERSITY OF ULSTER STUDENTS ON PLACEMENT IN THE FOLLOWING HOSPITAL SITES:

- Altnagelvin
- Antrim
- Craigavon
- Ulster

University of Ulster students on placement in the above areas will be afforded access to the following libraries on these sites:

- Altnagelvin - Library, Multi-Disciplinary Education Centre, Altnagelvin Hospital
- Antrim – Antrim Healthcare Library, Fern House, Antrim Hospital Site
- Craigavon – Craigavon Healthcare Library, Old School of Nursing, Craigavon Hospital
- Ulster Hospital – Nursing and Midwifery Education Library, Ulster Hospital, Dundonald

If students wish to borrow material for the duration of their placement, they must register with the appropriate library.

To do this the student must go to the library and request a registration form. Students must have identification in the form of their UU Student Card.

Students will be issued with a STUDENT HPSS card from the library. This will be within a short time of registering. Students will not be able to borrow until they receive this card.

Students are asked to hold onto this card for the duration of their course and present it at the appropriate libraries while on placement.

Students will be afforded the following facilities while on placement from these libraries:

- borrowing rights while on placement (6 items)
- access to on-site journal collections
- access to photocopying facilities (payment at local rates)
- access to pcs, the internet and printing depending on local facilities and regulations
- study/reading/consultation facilities

It would be useful for students to note that these libraries are small and have limited staffing resources. They should be regarded as a secondary resource as it is expected students will draw upon their home University library for the vast majority of their library and information needs.

The University of Ulster Library will pursue students who default from the above locations.

Multi-Disciplinary Library, Causeway Hospital, Coleraine. Limited facilities will be offered to UU students on placement here. UU students will be unable to register for borrowing rights.

MARCH 2003
